EDUCATION

University of Canterbury	2022 - 2025
• Bachelor of Engineering (Honours) in Software Engineering - GPA of 7.96 • Engineering Māori Scholarship • Hiranga Scholarship • AIMS Scholarship	

WORK EXPERIENCE

Software Engineering Intern - <i>Allied Telesis Labs Ltd, Christchurch</i>	Nov 2024 - Feb 2025
• Contributed to production software for Allied Telesis, a global leader in networking solutions • Worked on a project to integrate a modern IoT communication protocol into an Allied Telesis router	
Computer Science Tutor - <i>University of Canterbury</i>	2024 - Ongoing
• I run tutorials for a 2nd year course: Formal Languages & Compilers	
EngMe! Mentor - <i>University of Canterbury</i>	2024 - Ongoing
• I run sessions to help 1st year engineering students with their studies and wellbeing	
Physics Tutor (Peer Assisted Learning Support Leader) - <i>University of Canterbury</i>	2023 - 2024
• I run study sessions with an added focus on student wellbeing for a 1st year course: Engineering Physics A	

PROJECTS

Thread Protocol Integration on Embedded Router, for Allied Telesis	Nov 2024 - Feb 2025
<i>C, Lua, Thread, Git</i> • Researched and built Thread into a wireless router, supporting IPv6-based communication for IoT devices • Worked in an Agile team using CI/CD practices on a complex industry codebase • Created CLI commands for configuring and managing Thread network settings	
Garden Planning & Management Web App with Social Networking	Feb - Nov 2024
<i>Java, Spring, JavaScript, HTML/CSS, Git</i> • 7-member group project spanning the academic year, using Agile development practices • Developed garden management and social networking features with over 80% test coverage	
Full-Stack Crowdfunding Website Built with React	Feb - May 2024
<i>TypeScript, React, Material UI</i> • Individual full-stack project. Developed a RESTful API and built the front-end with React	
Geographical Routing & Safety Analysis Desktop App	Jul - Oct 2023
<i>Java, JavaFX, JavaScript, HTML/CSS, SQL, Git</i> • 6-member group project. Estimates safety of routes from analysis of over 800 thousand NZ road accidents	

ABOUT ME

Outgoing, personable, and dedicated to bettering myself and my community. An effective and adaptable team player, with a versatile and ever-growing skill set. Relentless when it comes to bringing positivity and compassion into everything I am a part of.

I love sports and one of my life's happiest moments was earning MVP at the NZ Tertiary Volleyball Champs in 2022. I've also had the privilege of coaching high school basketball, volleyball and lacrosse teams for several years, and having been able to support and foster positive team environments through those experiences has been extremely fulfilling.

REFEREES

Hermin Anggawijaya
(+64) 3 339 3000
hermin.anggawijaya@alliedtelesis.co.nz
Distinguished Engineer at Allied Telesis Labs

Katia De Lu
(+64) 22 305 6424
katia.delu@canterbury.ac.nz
Senior Tutor for the Department of Computer Science and Software Engineering at UC

Seth Phork
